Delta Technical Corporation
for General Contracting

Company Overview

Delta Technical Corporation for General Contracting (DTC) is a 100% Saudi-owned company that has been a key player in the construction industry in the Kingdom of Saudi Arabia. Established under Commercial Registration number 2055101756, DTC has earned a reputation for excellence, reliability, and innovation in the fields of General Contracting, with a primary focus on the Oil & Gas Sector and Power & Water Sector.

Our Expertise

DTC operates with a commitment to providing top-notch services across various divisions within the construction industry. Our specialized divisions include:

1. **Civil Division:** DTC's Civil Division is at the forefront of building infrastructure that forms the backbone of Saudi Arabia's development. From roads and bridges to residential and commercial complexes, we are dedicated to delivering projects that stand the test of time.
2. **Mechanical Division:** In the Mechanical Division, we specialize in the installation and maintenance of mechanical systems. Our team of experts ensures that industrial facilities and processes run efficiently, safely, and reliably.
3. **Electrical & Instrumentation (E&I) Division:** The E&I Division is entrusted with the vital task of electrical and instrumentation solutions. We bring precision and innovation to projects in the energy and utility sectors, ensuring the safety and reliability of critical systems.
4. **Plant Services:** DTC's Plant Services Division offers comprehensive support for industrial plants, including maintenance, shutdowns, and turnarounds. We understand the importance of minimizing downtime and maximizing productivity.
5. **Manpower & Equipment Supply:** Our Manpower & Equipment Supply Division provides highly skilled personnel and advanced equipment to meet the diverse requirements of our clients. We are committed to ensuring that projects are staffed and equipped for success.

6. Engineering Division: DTC's Engineering Division harnesses cutting-edge technology and experienced professionals to provide clients with innovative solutions. From design and planning to execution, we take pride in our ability to turn ideas into reality.

Our Commitment

At DTC, we are guided by a commitment to excellence, safety, and sustainability. Our projects are not just about construction; they are about shaping the future of Saudi Arabia. We believe in the importance of delivering quality work on time and within budget while adhering to the highest safety standards.

Key Highlights

- 100% Saudi-owned company.
- Extensive experience in the Oil & Gas Sector and Power & Water Sector.
- A multidisciplinary approach with specialized divisions.
- A commitment to excellence, safety, and sustainability.
- Proven track record of successful project delivery.

DTC is more than a construction company; we are your partners in progress.

Join us in building a brighter future for Saudi Arabia with Delta Technical Corporation for General Contracting. We look forward to collaborating with you on your next project.

Message from Chairman

Dear Esteemed Partners, Clients, and Stakeholders,

It is with immense pride and a profound sense of responsibility that I extend a warm welcome to you as the Chairman of DTC, a leading force in the construction industry in the Kingdom of Saudi Arabia (KINGDOM OF SAUDI ARABIA). For decades, our company has been instrumental in shaping the infrastructure, architectural marvels, and industrial landscapes of this great nation. Our journey has been one of continuous growth, innovation, and unwavering commitment to the development and progress of KINGDOM OF SAUDI ARABIA. At DTC, we believe that the foundation of every thriving nation rest upon its infrastructure. Our role in this transformative process is one we approach with both reverence and enthusiasm. We have the privilege of participating in projects of critical infrastructure developments, all contributing to the prosperity and well-being of the Kingdom. In KINGDOM OF SAUDI ARABIA's dynamic and ever-evolving construction sector, we have emerged as a symbol of quality, reliability, and excellence. Our team, comprised of the best and brightest minds in the industry, consistently raises the bar for innovation and craftsmanship. We are committed to delivering projects that not only meet but exceed the highest international standards. As the custodians of our legacy, we are deeply aware of the trust that our partners, clients, and stakeholders have placed in us. This trust is the cornerstone upon which our success is built, and it fuels our determination to continuously improve and excel. Our commitment to KINGDOM OF SAUDI ARABIA extends beyond construction. We are champions of sustainability, environmental responsibility, and community engagement. We embrace cutting-edge technologies that reduce our environmental impact and actively engage in initiatives that benefit the communities in which we operate. The Kingdom of Saudi Arabia stands at the cusp of unprecedented growth and transformation. At DTC, we are fully aligned with the Vision 2030 objectives and are dedicated to playing a pivotal role in the realization of this vision. We see boundless opportunities ahead and are excited about the possibilities that the future holds. I invite you to join us on this journey of growth, progress, and excellence. Together, we will continue to build a legacy that not only withstands the test of time but also contributes to the prosperity and advancement of KINGDOM OF SAUDI ARABIA.

Thank you for your unwavering support and trust in DTC.

Sincerely,

Majdal Suleiman Saqr Al-Khalidi

Message from CEO

Dear Valued Partners, Clients, and Team Members,

I am both honored and excited to welcome you to DTC, where we take immense pride in our unwavering commitment to excellence in the fields of Civil, Mechanical, and Electrical & Instrumentation (E&I) construction. As the CEO of DTC, I firmly believe that a strong foundation is the key to any successful endeavor. Our company's foundation is built upon a rich legacy of craftsmanship, innovation, and dedication. We have been privileged to contribute to some of the most iconic projects in the region, and we continue to shape skylines, infrastructure, and industries through our relentless pursuit of excellence. In the Civil field, we have harnessed our expertise to create lasting landmarks that stand as a testament to our passion for precision and quality. Our team of engineers, and construction experts ensures that every project is not merely built, but crafted with care and precision. In the Mechanical sector, we are driven by the ceaseless need for innovation and efficiency. Our engineering prowess enables us to design, build, and maintain complex systems that power industries and drive progress. In the Electrical & Instrumentation domain, our focus on safety, reliability, and cutting-edge technology ensures that our clients receive the highest standards of electrical and instrumentation solutions. We keep industries running, seamlessly and securely. At DTC, we understand that our success is intrinsically tied to the trust and confidence you place in us. This trust is our most valuable asset, and we are committed to preserving it through transparency, accountability, and unwavering integrity in all our dealings. Our team comprises the best talent in the industry, and their passion, expertise, and dedication are the driving force behind our achievements. We continue to invest in our people, equipping them with the latest knowledge and tools to deliver excellence consistently. As we look to the future, sustainability and environmental responsibility are central to our ethos. We are dedicated to playing our part in building a more sustainable world and embracing technologies that reduce our carbon footprint. Together, we have achieved remarkable milestones, but we believe that the best is yet to come. We look forward to collaborating with you on your upcoming projects and building a brighter, more prosperous future together.

Thank you for your trust in DTC. Together, we will continue to build the future.

Warm regards,

Md. Khursheed Alam

Message from COO

At DTC, we're driven by a singular commitment: Building Quality, Delivering Excellence.

As the Chief Operating Officer, I'm proud to lead a team of dedicated professionals across our divisions in Civil, Mechanical, Electrical & Instrumentation (E&I), and Oil & Gas Plant services. Our focus is clear: to meet and exceed the expectations of our valued clients, including industry leaders like Aramco, Sabic, Ma'aden, and more.

In the dynamic landscape of construction in the Kingdom of Saudi Arabia, we stand as a beacon of reliability, innovation, and uncompromising quality. We craft enduring structures, power industries, and ensure the smooth operation of critical systems.

Our commitment to sustainability and environmental responsibility is unwavering, as we strive to make a positive impact on the communities we serve.

With KSA's Vision 2030 as our guide, we look forward to continuing our journey of growth and contributing to the Kingdom's advancement.

Thank you for being part of our story.

Warm regards,

Md. Faiyaz Alam

Message from Director Operations

Greetings,

At DTC, we live and breathe our motto: Building Quality, Delivering Excellence. It's not just a tagline; it's our way of life.

Our vision is clear: over the next five years, we aim to rise among the top-tier contractors in KSA's construction industry. We're committed to providing comprehensive engineering, procurement, and construction solutions that set us apart.

Join us on this exciting journey as we pave the way for a brighter future in construction excellence.

Warm regards,

Mark, PMP®

Quality Policy

At DTC - Delta Technical Corporation for General Contracting, we are deeply committed to delivering unparalleled excellence in Civil, Mechanical, and Electrical & Instrumentation (E&I) works. Our unwavering dedication to quality, health, safety, and environmental sustainability is at the core of everything we do. We proudly align our practices with ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 standards to ensure the highest standards of performance and ethics in our operations.

Our Comprehensive QHSE Commitment:

Customer Excellence: Our paramount goal is to understand, anticipate, and surpass our clients' expectations. We achieve this by delivering quality services and products on schedule, within budget, and adhering to the most stringent quality standards.

ISO Standards Adherence: We strictly comply with ISO 9001:2015 for Quality Management Systems, ISO 14001:2015 for Environmental Management Systems, and ISO 45001:2018 for Occupational Health and Safety Management Systems. Our QHSE systems are the bedrock of our commitment to continuous improvement.

Safety and Health Priority: The well-being and safety of our employees, subcontractors, and all stakeholders are non-negotiable. We diligently implement ISO 45001:2018 principles to create a safe working environment, prevent injuries, and safeguard health.

Environmental Stewardship: We are resolute in our efforts to minimize our environmental footprint. By complying with ISO 14001:2015, we proactively manage environmental risks, reduce waste, conserve resources, and promote sustainable practices in all our projects.

Competency and Training: We invest extensively in enhancing the skills, knowledge, and competencies of our workforce. Our employees and subcontractors are equipped with the requisite expertise to execute tasks safely and efficiently.

Risk Management: We systematically identify, assess, and mitigate risks related to quality, health, safety, and the environment. Our robust risk management strategy ensures continuity and minimizes disruption.

Legal Compliance: We are steadfast in adhering to all pertinent laws, regulations, and standards governing quality, HSE, and environmental aspects within the Kingdom of Saudi Arabia.

Delta Technical Corporation
for General Contracting

Resource Efficiency: We continuously optimize the use of resources, including materials, energy, and time, to reduce waste and minimize our ecological impact.

Communication and Engagement: Transparent and open communication with our employees, subcontractors, clients, and stakeholders is our norm. We cultivate a culture of shared commitment to our QHSE objectives.

Continuous Enhancement: We employ data-driven approaches to monitor, measure, and enhance our performance across quality, HSE, and environmental dimensions. Setting objectives, regular reviews, and corrective actions are our avenues for perpetual improvement.

This QHSE Policy is ingrained in our organizational culture, understood by all, and serves as the keystone of our commitment to excellence. We are dedicated to delivering superior quality, ensuring the health and safety of our workforce, and preserving the environment for future generations.

Safety Policy

At Delta Technical Corporation for General Contracting (DTC), safety is our top priority. We are committed to providing a safe and healthy working environment for our employees, subcontractors, clients, and all stakeholders involved in our operations. DTC operates in the Kingdom of Saudi Arabia and encompasses various divisions, including Civil, Mechanical, Electrical & Instrumentation (E&I), Plant Services, Manpower & Equipment Supply, and Engineering. This Safety Policy outlines our commitment to maintaining the highest safety standards across all our operations.

Our Commitment to Safety

Compliance: DTC is dedicated to complying with all relevant safety laws, regulations, and industry standards applicable in the Kingdom of Saudi Arabia. We are committed to maintaining a culture of safety excellence in all our divisions.

Training and Education: DTC provides ongoing safety training and education to all employees, subcontractors, and personnel associated with our projects. We believe that a well-informed workforce is essential for maintaining a safe workplace.

Risk Assessment: Before commencing any project, DTC conducts comprehensive risk assessments to identify and mitigate potential hazards. We believe in proactive risk management to prevent accidents and injuries.

Safety Equipment: We ensure that all necessary safety equipment and protective gear are provided to our employees and subcontractors. Proper equipment use and maintenance are integral to our safety protocols.

Incident Reporting: DTC encourages all employees and subcontractors to promptly report any unsafe conditions, near misses, or incidents. We investigate each report thoroughly and take corrective actions to prevent recurrence.

Emergency Preparedness: We have established emergency response plans for each division to address potential emergencies promptly. Regular drills and training exercises are conducted to ensure our teams are well-prepared for any situation.

Environmental Responsibility: DTC is committed to environmental responsibility and sustainable practices. We strive to minimize the environmental impact of our operations and protect the natural resources of Saudi Arabia.

info@dtcksa.com

www.dtcksa.com

P.O.Box: 4042, Al-Jubail 35514, King Faisal North Road Kingdom of Saudi Arabia

Delta Technical Corporation
for General Contracting

Continuous Improvement: We believe in a culture of continuous improvement. DTC regularly reviews its safety policies and practices to identify areas for enhancement. Feedback from employees and stakeholders is valued and used to refine our safety measures.

Responsibilities

Management: DTC's management team is responsible for setting the safety agenda, providing necessary resources, and leading by example in promoting a safety-first culture.

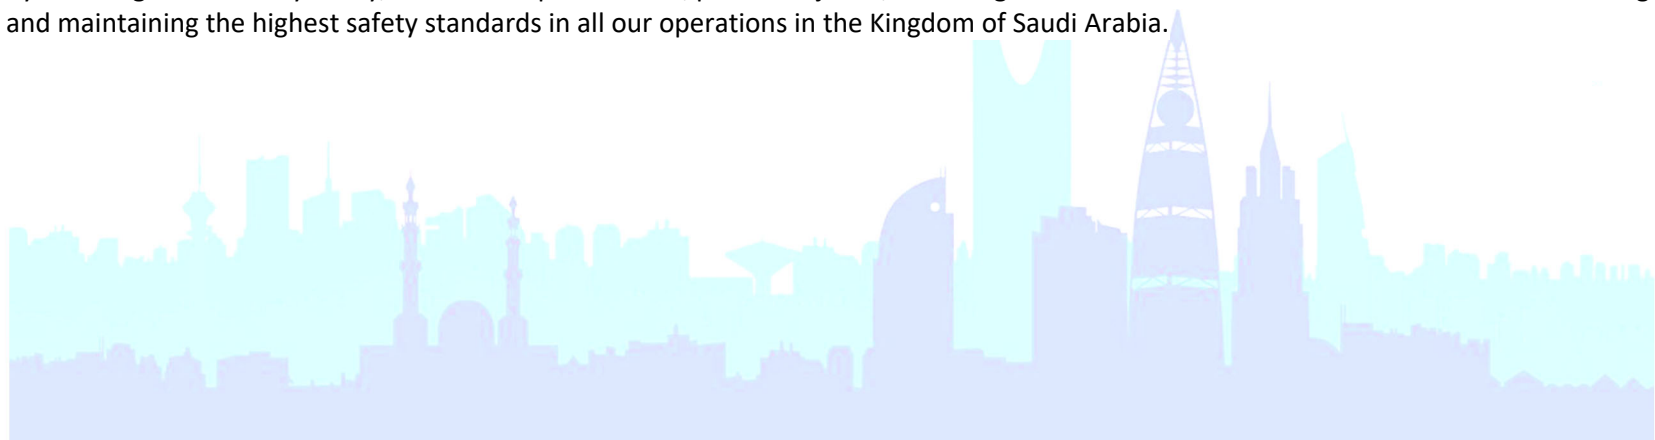

Employees: All employees and subcontractors are expected to prioritize safety at all times. Compliance with safety protocols, reporting unsafe conditions, and actively participating in safety programs are integral parts of their responsibilities.

Clients and Stakeholders: We collaborate with our clients and stakeholders to ensure that safety remains a shared commitment throughout project lifecycles.

Safety is Everyone's Responsibility

At DTC, we firmly believe that safety is not just a priority, but a core value that guides our actions. We are dedicated to fostering a safety-first culture in which every individual takes responsibility for their safety and the safety of others.

By adhering to this Safety Policy, DTC aims to protect lives, prevent injuries, and safeguard the environment. We are committed to achieving and maintaining the highest safety standards in all our operations in the Kingdom of Saudi Arabia.

Saudization Policy

Delta Technical Corporation for General Contracting (DTC) is a proudly Saudi-owned company established in the Kingdom of Saudi Arabia. As an organization deeply committed to the development and prosperity of Saudi Arabia, we recognize the importance of Saudization in contributing to the growth of the local workforce and economy. This Saudization Policy outlines our steadfast commitment to fulfilling our Saudization obligations across all our divisions, including Civil, Mechanical, Electrical & Instrumentation (E&I), Plant Services, Manpower & Equipment Supply, and Engineering.

Our Saudization Commitment

Compliance: DTC is fully committed to complying with all Saudization regulations, laws, and directives issued by the Kingdom of Saudi Arabia. We will ensure that our operations are in full alignment with the Nitaqat program and other relevant labor market policies.

Local Talent Development: DTC is dedicated to the development and growth of Saudi national talent. We prioritize recruiting, training, and promoting Saudi nationals at all levels of our organization, including management and technical positions.

Recruitment and Placement: DTC actively seeks Saudi nationals for all job openings, including positions in our diverse divisions. We utilize various recruitment channels and work closely with local employment authorities to identify suitable candidates.

Training and Skill Enhancement: We invest in training and skill enhancement programs to equip Saudi employees with the necessary skills and knowledge to excel in their roles. We provide mentorship and career development opportunities to foster their professional growth.

Promotion of Equality: DTC promotes a culture of equality and inclusion, ensuring that Saudi employees have the same opportunities for advancement, development, and career progression as their international counterparts.

Monitoring and Reporting: DTC maintains comprehensive records and reports on our Saudization efforts to demonstrate our commitment to local talent development and compliance with Saudization regulations.

Responsibilities

Management: DTC's management team is responsible for setting the Saudization agenda, providing the necessary resources, and ensuring that Saudization goals and targets are met.

Employees: All employees are expected to actively support and participate in Saudization initiatives, including mentoring and guiding Saudi employees to reach their full potential.

Local Community Engagement: DTC actively engages with local educational institutions, vocational training centers, and community organizations to identify and nurture talent.

Continuous Saudization Enhancement

Saudization is not just a regulatory requirement but a fundamental part of our corporate responsibility. DTC is committed to continuously enhancing our Saudization efforts, ensuring that they align with the Kingdom of Saudi Arabia's Vision 2030 and contribute to the development of a highly skilled and prosperous Saudi workforce.

DIVISIONS & SERVICES

1. Civil & Building Division:

Building a Foundation of Excellence

Our Civil & Building Division is a cornerstone of our commitment to excellence, offering a wide range of construction services tailored to meet the diverse needs of our clients. With a steadfast dedication to quality, innovation, and sustainability, our division has established itself as a trusted partner in shaping the infrastructure and built environment of Saudi Arabia.

Our Services

1. **Early Works:** The Civil & Building Division specializes in early works, preparing project sites for construction. Our services include site clearance, excavation, foundation preparation, and temporary infrastructure setup.
2. **Main Civil Works:** We excel in providing comprehensive civil works solutions for industrial facilities, ensuring the foundation for safe and efficient operations.
3. **Building Works:** Our expertise extends to constructing various buildings critical to industrial and infrastructure projects, including substations, control buildings, GIS (Gas Insulated Substations), operator shelters, and Pre-Engineered Buildings (PEBs).
4. **Specialized Works:** DTC is equipped to handle specialized construction tasks, such as waterproofing, piling works, sheet piling, dewatering, landscaping, ergonomic design, supply, and installation.
5. **Asphalt and Road Works:** Our division takes pride in delivering quality asphalt and road works, including road construction, road marking, crash-rated barrier installation, road signage, and road safety barricading.

Why Choose DTC's Civil & Building Division

Quality Assurance: We are committed to delivering the highest quality standards in every project, ensuring durability and safety.

Diverse Expertise: Our team's diverse skill set allows us to tackle a wide range of projects, from complex industrial facilities to intricate building works.

Innovation: DTC embraces innovation, utilizing the latest technologies and sustainable practices to enhance project efficiency and minimize environmental impact.

Safety: Safety is paramount in all our operations. We adhere to strict safety protocols to protect our workforce and stakeholders.

Client-Centric Approach: We collaborate closely with our clients, tailoring our services to their specific needs and ensuring their satisfaction.

Projects

Our Civil & Building Division has successfully completed numerous projects that stand as testaments to our expertise, including industrial complexes, substations, control buildings, and various civil works that contribute to Saudi Arabia's development.

2. Mechanical Division

Powering Saudi Arabia's Industrial Excellence

Our Mechanical Division, a key pillar in our multidisciplinary approach to general contracting. With a strong commitment to precision, efficiency, and innovation, our Mechanical Division plays a pivotal role in supporting the diverse industrial needs of Saudi Arabia.

Our Services

- 1. Installation and Maintenance:** The Mechanical Division specializes in the installation and maintenance of mechanical systems essential for industrial facilities. We ensure that equipment and machinery operate efficiently, safely, and reliably.
- 2. Machinery and Equipment:** We have the capability to handle a wide range of machinery and equipment, from heavy machinery in manufacturing plants to HVAC systems and utilities.
- 3. Piping and Plumbing:** Our expertise extends to piping and plumbing systems, ensuring the seamless flow of fluids within industrial facilities and commercial spaces.
- 4. Welding and Fabrication:** The division excels in welding and fabrication services, providing customized solutions to meet the specific needs of our clients.
- 5. Precision Engineering:** We offer precision engineering solutions to optimize industrial processes and enhance productivity.

Why Choose DTC's Mechanical Division

Technical Expertise: Our team comprises skilled professionals with a deep understanding of mechanical systems and processes, ensuring the highest level of technical expertise.

Safety: Safety is our utmost priority. We adhere to stringent safety protocols to protect our employees and stakeholders.

Quality Assurance: We maintain strict quality control measures to deliver superior results and ensure the longevity of mechanical systems.

Innovation: DTC embraces innovative technologies and practices to improve the efficiency and sustainability of mechanical operations.

Client-Centric Approach: We collaborate closely with our clients to understand their unique needs, providing tailored solutions that meet their objectives.

Projects

Our Mechanical Division has successfully completed a diverse range of projects, including the installation and maintenance of machinery in manufacturing facilities, the implementation of HVAC systems, and the construction of plumbing and piping systems for industrial and commercial structures.

3. E&I Division:

Powering Innovation and Precision

Our E&I (Electrical & Instrumentation) Division stands as a beacon of excellence, dedicated to providing top-notch electrical and instrumentation solutions for various industries. Our division has earned a reputation for innovation, precision, and reliability in the Kingdom.

Our Services

Electrical Systems: The E&I Division specializes in designing, installing, and maintaining electrical systems, ensuring a safe and reliable power supply for industrial and commercial facilities.

Instrumentation: We excel in providing cutting-edge instrumentation solutions, including control systems, measurement devices, and process automation technologies that enhance efficiency and accuracy.

E&I Infrastructure: Our team is well-equipped to handle the development of electrical and instrumentation infrastructure for diverse projects, from power plants to control rooms.

Safety Systems: We prioritize safety and offer expertise in the installation and maintenance of safety systems such as fire detection, emergency shutdown systems, and hazard monitoring.

Why Choose DTC's E&I Division

Technical Expertise: Our division comprises highly skilled professionals with a deep understanding of electrical and instrumentation systems, ensuring the highest level of technical proficiency.

Innovation: DTC embraces innovation, utilizing the latest technologies and automation practices to optimize processes and enhance efficiency.

Safety: Safety is paramount in our operations. We adhere to strict safety protocols to protect our workforce and stakeholders.

Quality Assurance: We maintain stringent quality control measures to ensure the reliability and longevity of electrical and instrumentation systems.

Client-Centric Approach: Collaboration with our clients is integral to our success. We tailor our services to meet their specific needs, ensuring their satisfaction.

Projects

The E&I Division has successfully completed a wide range of projects, from electrical infrastructure development for power plants to instrumentation and control systems for industrial facilities, contributing to Saudi Arabia's industrial growth.

Choose the DTC E&I Division for innovation, precision, and reliability in electrical and instrumentation solutions that power the progress and efficiency of Saudi Arabia's industries.

4. Plant Services Division

The Plant Services Division of DTC is a vital and specialized segment of our company, dedicated to providing comprehensive services in the field of plant maintenance, operations, and support. With our headquarters in Al Jubail, we have established ourselves as a trusted partner for a wide range of industries, including but not limited to oil and gas, petrochemical, power generation, and industrial facilities.

Key Highlights:

Expertise and Experience: Our Plant Services Division boasts a team of highly skilled professionals with years of experience in plant maintenance and operations. They bring extensive knowledge to the table, enabling us to offer cutting-edge solutions tailored to the specific needs of each client.

Wide Range of Services: We provide a comprehensive suite of services, including plant maintenance, shutdown and turnaround services, machinery and equipment inspections, repair and overhaul, plant commissioning and startup, and ongoing operational support.

Advanced Technology: We stay at the forefront of technological advancements in the industry, utilizing state-of-the-art tools and equipment to ensure the efficiency and reliability of our services. This includes predictive and preventive maintenance strategies to minimize downtime and enhance plant performance.

Safety and Compliance: Safety is our top priority. Our commitment to strict adherence to HSE standards, regulatory compliance, and industry best practices ensures that our operations are safe for our workforce and the environment.

Customized Solutions: We understand that every plant has its unique challenges. Therefore, we work closely with our clients to develop customized solutions that address their specific needs, whether it involves optimizing existing operations or executing complex maintenance projects.

Client-Centric Approach: Our commitment to client satisfaction drives us to deliver projects on time and within budget, ensuring that we meet and exceed our clients' expectations.

The Plant Services Division of Delta Technical Corporation for General Contracting is dedicated to maintaining and enhancing the efficiency, reliability, and safety of industrial plants. We pride ourselves on our ability to adapt to evolving industry standards and technologies, providing innovative solutions to our clients' most complex challenges. Our unwavering commitment to quality and excellence has earned us the trust of clients across diverse industries, making us a go-to partner for plant-related services.

5. Manpower & Equipment Supply Division

The Manpower & Equipment Supply Division of Delta Technical Corporation for General Contracting is an essential component of our organization, specializing in providing skilled manpower and state-of-the-art equipment for the execution of Civil, Mechanical, and Electrical & Instrumentation (E&I) works. Based in Al-Jubail, Kingdom of Saudi Arabia, our division plays a pivotal role in supporting various industries, including construction, petrochemicals, oil and gas, and infrastructure development.

Key Highlights:

Skilled Workforce: Our division prides itself on a highly skilled and well-trained workforce. We employ a diverse team of professionals, including engineers, technicians, welders, electricians, and other specialists, to cater to the diverse needs of our clients.

Comprehensive Services: We offer a comprehensive range of services, including the supply of skilled labor, technicians, engineers, and tradespeople, along with top-tier equipment such as cranes, heavy machinery, and specialized tools. This enables us to provide complete solutions for our clients' project requirements.

Equipment Fleet: Our division maintains a modern and extensive fleet of equipment and machinery, including excavators, bulldozers, cranes, welding machines, and more. These resources are available for both short-term and long-term rentals to support various construction and industrial projects.

Rigorous Safety Standards: Safety is a paramount concern for us. We adhere to stringent safety protocols and guidelines, ensuring that all manpower and equipment supplied meet or exceed industry safety standards. Our commitment to safety extends to our clients' job sites, promoting a secure working environment.

Flexibility and Scalability: We understand that project requirements can vary significantly. Our division offers the flexibility to scale up or down the supply of manpower and equipment as per our clients' evolving needs, providing cost-effective and tailored solutions.

Local Expertise: Operating in Al-Jubail, Kingdom of Saudi Arabia, our division has a deep understanding of the local market dynamics, regulations, and industry requirements. This local expertise enables us to offer timely and relevant solutions to our clients.

Client-Centric Approach: We work closely with our clients to understand their project objectives and deliver on their specific requirements. Our commitment to client satisfaction is unwavering, and we strive to meet and exceed their expectations.

The Manpower & Equipment Supply Division of Delta Technical Corporation for General Contracting is dedicated to providing a reliable and skilled workforce, along with top-quality equipment, to support a wide range of projects in the Civil, Mechanical, and E&I sectors. Our mission is to enable our clients to meet their project goals efficiently and cost-effectively, while maintaining the highest standards of safety and quality. With our local knowledge and global capabilities, we are a trusted partner in the Kingdom of Saudi Arabia's construction and industrial landscape.

6. Engineering Division:

Innovating Excellence, Bridging Continents

Our Engineering Division, supported by our Engineering back office located in India and registered under the name StagPro Engineering Private Limited, stands as a hub of international expertise. With a commitment to delivering innovative engineering solutions, our division plays a pivotal role in shaping the quality and precision of projects across various industries.

Our Services

Engineering Excellence: Our Engineering Division is the driving force behind our projects, providing comprehensive engineering services, including design, planning, and project management.

Global Collaboration: We bring together the best of both worlds, fostering collaboration between our Saudi Arabian operations and our Indian Engineering back office. This synergy allows us to tap into global expertise and deliver cutting-edge solutions.

Innovation: Embracing emerging technologies and sustainable practices, we optimize project efficiency, reduce costs, and minimize environmental impact.

Interdisciplinary Synergy: Our division seamlessly integrates with our other divisions, including Mechanical, Civil, Plant Services, Manpower & Equipment Supply, and E&I, to deliver holistic solutions.

Why Choose DTC's Engineering Division

Technical Prowess: Our team of highly skilled engineers brings technical excellence to every project, ensuring precision, reliability, and innovation.

Global Reach: Our international presence broadens our horizons and enhances our ability to deliver world-class projects, bridging continents in pursuit of excellence.

Quality Assurance: We uphold stringent quality control measures to maintain the highest standards in every facet of our engineering services.

Client-Centric Approach: Collaborating closely with our clients, we tailor our engineering solutions to meet their unique requirements, ensuring their utmost satisfaction.

Projects

The Engineering Division has made significant contributions to diverse projects, ranging from the design of complex industrial facilities to the management of large-scale infrastructure developments, advancing Saudi Arabia's progress and development.

Choose the DTC Engineering Division for innovative excellence, international expertise, and precision in engineering solutions that transcend borders and elevate the quality of projects in the Kingdom of Saudi Arabia and beyond.
